

Lighthouse Educational Adventure Program

Request for Credit

In order to receive 1/2 credit for the Lighthouse Educational Adventure Program, students must participate in a weekend campout and 4 additional LEAP activities in the same year. There is planning that goes into each event, and students may be required to help with the planning or preparation that makes each event a success. Student must write a description of each event, have a parent sign, and turn in the form at the end of the year that the events took place. Students may participate in LEAP each year of high school. However, a maximum of 1 credit will be recorded on the student's transcript. Please know that each LEAP event may have a participation fee.

STUDENT NAME: _____ **GRADE:** _____

Weekend Campout Event

Dates: _____

Describe your participation in the campout event below. What did you do? What did you learn?

LEAP Event: _____
